MENORCA

MADE IN SPAIN

The Menorca collection is inspired by artisanal ceramics to offer a unique and sophisticated high-end decoration.

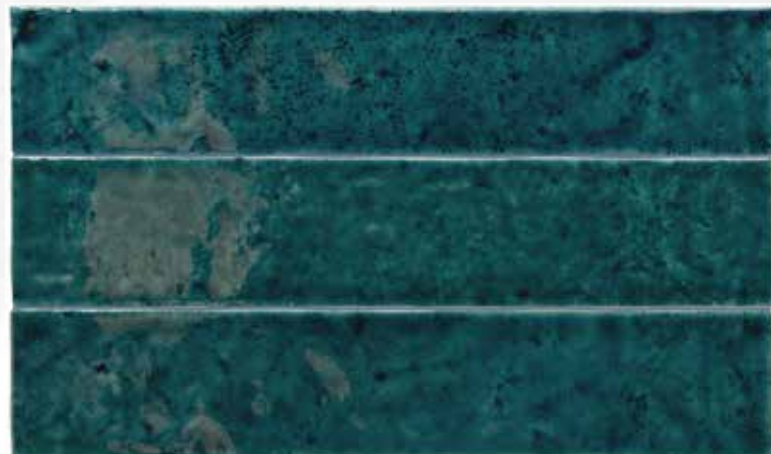

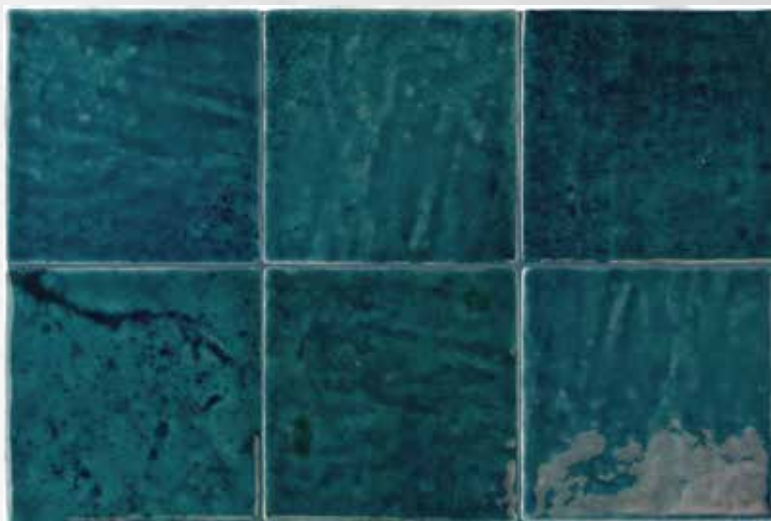

Available in 100x100mm and 65x328mm formats, it allows you to create various patterns and combinations. Made of white body ceramic, its irregular edges and flux glaze evoke the authenticity of handmade ceramics, with a subtle crackle that adds texture and depth.

In 4 colours with high shade variation, Menorca offers a rich variety of reliefs and graphics, allowing complete personalisation and a dynamic and sophisticated style in any space.
